

Eileen Sauer

Augur

Tweeted by author Randa Jarrar:

"I made a poem out of the words that were said
for the first time in any U.S. inaugural address"

Rusted, subsidized,
Urban, Islamic lady.

Solidarity in depletion,
I trapped sad trillions,
Stealing carnage to flush away disrepair.

An unrealized infrastructure,
I bleed tombstones,
a wind-swept, stolen landscape,
my sprawl unstoppable.

Augur
